## DEPARTMENT OF LABOR AND INDUSTRY

# **CODE PUBLICATION AVAILABILITY**

A set of Minnesota State Building Code (MSBC) books contain an integrated arrangement of International Code Council model codes and Minnesota Statutes/Rules excerpts and amendments; combined and made available for free to view on the web at <u>Minnesota Department of Labor and</u> <u>Industry (DLI)</u> and available to purchase as hard copy books or to download as digital document files at the <u>International Code Council (ICC) Website Store</u>. Corrections to errors in the Minnesota ICC adopted code books are viewed on the DLI website <u>Errata for the ICC versions of the Minnesota State</u> <u>Building Codes</u>.

Click on a desired code book icon below for specific pricing options for that code book. Please note the following linked MSBC ICC books do not include all the established Minnesota Rule Chapters of the MSBC. However, the <u>Office of the Revisor of Statutes</u> publishes all the MSBC Rule Chapters, not including the ICC model codes. The MSBC Rules are listed on the next page and also on the <u>DLI</u> website.

The Minnesota State Building Code (MSBC) contains numerous references to standards published by other organizations and are used to provide requirements for material and methods of construction. These referenced standards, in essence, are a part of the MSBC to the extent of the reference to the standard. The Referenced Standards are found in one of the last chapters in each of the Minnesota ICC code books. The following Referenced Standards used in the MNSBC are published as separate manuals and are highly recommended to be a part of a building department code resource library. Contact information for these organizations is located at the bottom of the next page.

#### **MSBC Referenced Standards Manuals**

- \* ACI 318 2014 Building Code Requirements for Structural Concrete
- \* ANSI/ASHRAE 15 2016 Safety Standard for Refrigeration Systems
- \* ANSI/ASHRAE 34 2016 Designation and Safety Classification of Refrigerants
- \* ASHRAE 62.1 2016 Ventilation for Acceptable Indoor Air Quality
- \* ANSI/AWC NDS 2018 National Design Specification for Wood Construction
- \* SMACNA/ANSI 2016 HVAC Duct Construction Standards Metal and Flexible
- \* ASCE 7 2016 Minimum Design Loads for Buildings & Other Structures
- \* NFPA 13 2016 Installation of Fire Sprinklers
- \* NFPA 13D 2016 Installation of Fire Sprinklers in One- and Two-Family Dwellings
- \* NFPA 13R 2016 Installation of Fire Sprinklers in Low-rise Residential Occupancies
- \* NFPA 20 2016 Installation of Stationary Pumps for Fire Protection Systems
- \* NFPA 45- 2015 Fire Protection for Laboratories Using Chemicals
- \* NFPA 58 2017 Liquefied Petroleum Gas Code
- \* NFPA 72 2016 Installation of Fire Alarms and Signaling Code
- \* NFPA 96 20117 Ventilation & Fire Protection for Commercial Cooking Hoods
- \* TMS 402-2016 Building Code Requirements for Masonry Structures

### The Following Minnesota Rule/Chapters of the MSBC are on the <u>Office of the Revisor of</u> <u>Statutes</u> and <u>DLI</u> Website

- \*1300 Minnesota Building Code Administration
- \*1301 Building Official Certification
- \*1302 State Building Code Construction Approvals
- \*1303 Special Provisions of the Minnesota State Building Code
- \*1305 Adoption of the International Building Code
- \*1306 Special Fire Protection Systems (Optional)
- \*1307 Elevators and Related Devices
- \*1309 Adoption of the International Residential Code
- \*1311 Rehabilitation of Existing Buildings (MN Conservation Code for Existing Buildings)
- \*1315 Adoption of the 2020 National Electrical Code

- \*1322 Residential Energy Code
- \*1323 Commercial Energy Code
- \*1325 Solar Energy Systems
- \*1335 Flood proofing Regulations
- \*1341 Minnesota Accessibility Code
- \*1346 Adoption of the International Mechanical / Fuel Gas Codes
- \*1350 Manufactured Homes
- \*1360 Prefabricated Buildings
- \*1361 Industrialized / Modular Buildings
- \*1370 Storm Shelters (Manufactured Home Parks)
- \*4714 Minnesota Plumbing Code
- \*5230 Minnesota High Pressure Piping Systems

#### **Desirable Handbooks and Standards for Code Enforcement**

- \* ASME A17.7/CSA B44.7-2016 Performance-Based Safety Codes for Elevators and Escalators
- \* ANSI/AWC PWF—2015: Permanent Wood Foundation Design Specification
- \* 2018 IBC<sup>®</sup> Code and Commentary Combo, Vol. 1 & 2
- \* 2018 IRC<sup>®</sup> Code and Commentary Combo, Volumes 1 & 2
- \* 2018 IFC<sup>®</sup> Code and Commentary
- \* 2018 IMC<sup>®</sup> Code and Commentary
- \* 2018 IFGC<sup>®</sup> Code and Commentary
- \* 2018 International Fire Code<sup>®</sup> Study Companion
- \* 2018 International Building Code Illustrated Handbook
- \* 2018 International Building Code<sup>®</sup> Study Companion
- \* 2018 International Residential Code<sup>®</sup> Study Companion
- \* 2018 International Mechanical Code<sup>®</sup> Study Companion
- \* 2018 International Fuel Gas Code<sup>®</sup> Study Companion
- \* 2015 GA 600 Fire Resistance Design Manual 21st edition
- \* 2020 Hazardous Materials Emergency Response Guidebook
- \* NFPA 14—2016: Standard for the Installation of Standpipe and Hose Systems
- \* NFPA 80 2016 I Standard for Fire Doors and Other Opening Protectives
- \* NFPA 101 2012 Life Safety Code
- \* 2012 Handbook to the Life Safety Code
- \* 2018 ICC Performance Code for Buildings and Facilities
- \* MN Rule Chapters <u>1800</u> & <u>1805</u> Board of Architecture and Engineering
- \* Subsurface Sewage Treatment Systems <u>SSTS rules and regulations</u> (Septic Systems)
- \* Underwriters Laboratories (UL) and/or Warnock Hersey (WH-ETL) Product safety and performance marks for building and construction products, systems, and designs
- \* Webster's Dictionary (Most current edition)

Most Minnesota ICC Code Book publications are adopted with updates, revisions, and amendments in a sixyear cycle; however, the DLI Commissioner may adopt amendments to any part of the MSBC prior to the end of a six-year cycle. Please note that code publications may be amended or updated periodically. The following is information on organizations that publish referenced standards used in the Minnesota State Building Code. ICC – International Code Council (for International Codes), Headquarters: Washington D.C. Phone: 1-800-786-4452 Web: http://www.iccsafe.org

NFPA – National Fire Protection Association, 1 Batterymarch Park, P.O. Box 9101, Quincy, MA 02169-7471 USA, Phone: 617-770-3000 Web: http://www.nfpa.org

ASHRAE – American Society of Heating, Refrigerating and Air-Conditioning Engineers, 1791 Tullie Circle N.E., Atlanta, GA 30329, Phone: (800) 527-4723 or 404-636-8400 Web: http://ashrae.org ASME - International (American Society of Mechanical Engineers), Two Park Avenue, New York, NY 10016-5990, Phone: 800-843-2763 (U.S/Canada) Web: https://www.asme.org/

IAMPO – International Association of Plumbing and Mechanical Officials

5001 E. Philadelphia Street, Ontario, CA 91761, Phone: 909-472-4100 Web: http://www.iapmo.org
